

Ford Explorer Adaptor Boot For Megalodon Antenna

SAB-353

PANORAMA  ANTENNAS

SAB-353

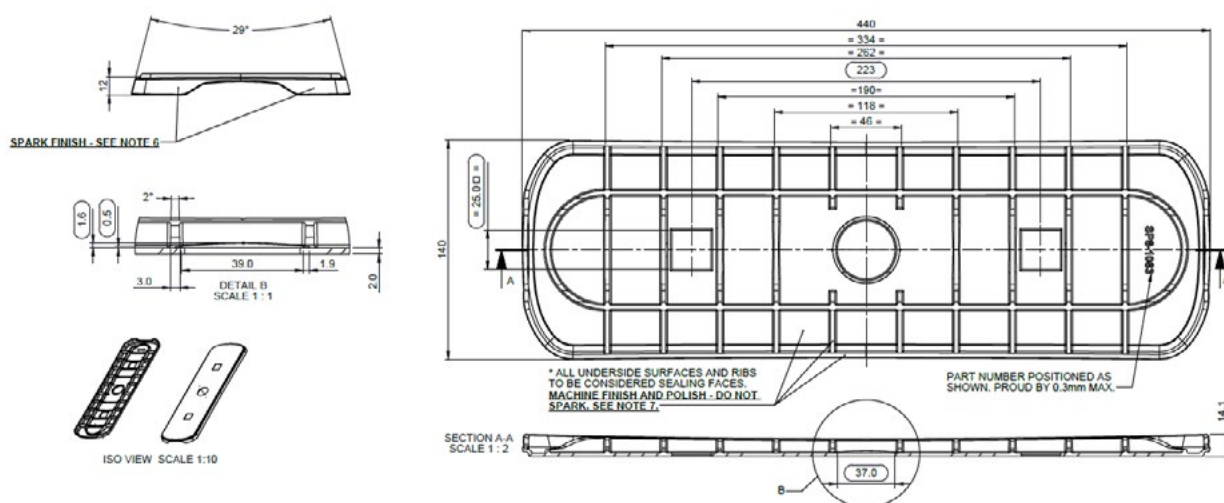

- Mounting adaptor kit for Ford Explorer / Interceptor

For use with the L[X]M[X]M8[X]-6-60 Megalodon® antenna series, the SAB-353 provides a simple mounting solution for fitting this product line to the peak of the ribs on the roof of a Ford Explorer / Interceptor 2020.

When correctly fitted, the adaptor will seal the mounting hole and conform to the contours of the roof rib presenting a pleasant aesthetic finish.
